

Elections Program Committee Electrical Engineering 2021

Official Report dated Friday 10 December 2021 to establish the provisional result of the election of:

- the members of the student section for the Program Committee of Electrical Engineering;

On Thursday 10th of December 2021 the Electoral Committee established the final result of the vote by electronic means, held on Tuesday 7 December and Wednesday 8 December 2021, to elect the members of the student section for the Program Committee of Electrical Engineering.

The results, according to council/section, are listed in this Official Report:

- The number of valid votes cast for each candidate is stated next to the candidates' names;
- The order in which a candidate will be considered eligible for filling a vacancy is stated next to the candidates' names;
- Candidates need to have achieved at least half of the section list quota for the recasting of the order of the submitted list.

The term of office for the members of the student section is one year. The term of office will commence on 1st of January 2022.
